THOUGHT FOR TODAY

What you get by achieving your goals is not as important as what you become by achieving your goals.

SCRIPTURE FOR TODAY

Rather, speaking the truth in love, we are to grow up in every way into Him who is the head, Christ.

~ Ephesians 4:15

ENCOURAGING WORDS

Are We Really Listening?

The Bible places great emphasis on the importance of hearing, using the word "hear" over 500 times. Many times it is found in historical references, but when Jesus came He placed special emphasis on the way we hear. Since faith comes by hearing (**Rom. 10:17**), it is important that we make sure we listen when God's word is speaking to us, building our faith, and directing our lives.

It is true that there are at least two levels of hearing. The first level is when we are aware that someone is talking and while we may hear the words we really are not listening. What parents have not said to an older child, "I just told you what I wanted you to do—did you not HEAR what I said?" Obviously, the child heard, while at the same time they were not hearing what was being said. I wonder if God ever feels this way about us?

The importance of hearing on this second level is illustrated in the life of Mary as she raised Jesus. When the angel told her of the virgin birth, there was no way she could understand the concept, but having heard his words, she simply said, "Let it be to me according to your word."

Jesus spoke so often about *using our ears* to hear (**Matt. 13:9**) and the importance of paying attention to *what we hear* (**Mark 4:24**). However, there is one phrase which deserved special emphasis. "Let these words sink down into your ears" (**Luke 9:44**). When God speaks, His words must never just enter into our ears on that first level.

Great spiritual growth will never happen until we let the messages from heaven sink down deep into our ears, and like Mary, keep all these things and ponder them in our hearts.
