ENCOURAGING WORDS

He Is in Control!

The rapidity with which major events happen in our world and the quickness with which information is conveyed to us leaves us shaking our heads in disbelief. The fact that our world is in a constant state of change gives us pause and helps us to realize our need to place our trust in God as never before. He is our trust and the One who is in control, working all things together for good to those who love Him (Rom. 8:28).

Is God really in control of human events when things seem to be heading in such catastrophic directions? Yes! Is He responsible for the actions of sinful men? No. But, we can be assured that He does work providentially to bring about His ultimate purpose for mankind. How can we know such is the case? Because the Bible tells us so.

Those in positions of authority have a sacred trust from God. Paul points this out, saying, "There is no authority except from God, and those which exist are established by God" (Rom. 13:1). He goes on to say that those who resist authority are opposing the ordinance of God. The only time we are obligated to violate the laws of the land is when those laws are contrary to the will of God. In such cases "We must obey God rather than men" (Acts 5:29). Governing authorities are God's servants for good, a responsibility they must take seriously. If they prove unfaithful to their trust, God will, in His appointed time, remove them from power. The rulers of the kingdoms of the world are accountable to the great King of the universe.

When things in this world seem to be rapidly headed in the wrong direction, remember God's overruling providence. As the psalmist says, "we will not fear, though the earth should change, and...the mountains slip into the heart of the sea" (46:1-2). We rest in the hands of the living God knowing that He is in control of the universe.
