PRAYER IS IMPORTANT

-David House is in Cottage hospital for an infection in his hand. Please keep him & the family in your prayers as he works to recover from this latest health issue.

-Please keep **Dale Donaghe** in your prayers as he hurt his back last week & was limited with walking & driving. Also, keep **Danny Donaghe** in your prayers. He was moved to an acute rehab facility another hour north. Please keep **Dale & Sharon** in your prayers as travel back & forth to see him as well as look after **Sharon's** dad **Robert**.

-Jan Hayes had a CT scan this past Thursday to check if there is a problem since she has taken a few bad falls. Pray the results come back good & she is fine.

-Please keep **Kassie Gladden** in your prayers as she battles her diagnosis of Hashimoto disease. This causes her to be exhausted along with other side effects. Pray the doctors can find a solution for her.

-Please keep **Luke Nothstein** in your prayers as he embarks on a new adventure in New York city. Pray for his safety & his spiritual health & for his parents **Lynn & Tom** as this separation is going to be difficult for a while.

-Mike Cottam asked for prayers for his co-worker **Henry Schroff**, who is having some serious health issues. Also, for **Mike Edmonds**, who is still having health issues following a surgery a while back. He has also been diagnosed with the beginnings of Alzheimer's. Finally, a pray of thanksgiving for **Bob Watson**, who was having heart attack symptoms on a motorcycle ride. Turns out he had a blockage & had a stint put in & is now on his way to a full recovery.

-Loretta Bower asked for prayers for her friend **Nicole**. She recently lost her husband & one of her daughters is battling cancer. Now her other daughter has Stage 4 cancer as well. Please keep her & her family in your prayers.

-Please keep **Mike Loney** in your prayers. The doctors placed a stint to control things for now. Keep **Rebecca** in your prayers as well as she is his caregiver.

-Laura Crownover asked for prayers for her brother **Joe**. He is not doing well with Chemo treatments. Pray this will be easy for him to face.

-Ann Thompson's daughter **Stacey** has seen a cardiologist & had a stress test this past Thursday. She also has a angiogram in September. She tanks everyone for the prayers on her behalf.

ENCOURAGING WORDS

Measure Twice – Cut Once!

Any carpenter (even the weekend or part time variety like dad) have probably reminded themselves to “Measure twice, cut once.” From their own mishaps, many have come to appreciate the sage counsel in that slogan. Why is that so important? Why is it better to measure twice and then cut? There are a number of very practical reasons for this but consider a few.

- Because if you only measure once, you might misread it or make a mistake.
- Because if you only measure once, you might end up cutting twice.
- Because it is easier to measure the wood twice than it is to stretch the board half-an-inch longer after the cut.
- Because once you've made the cut, that's final—you cannot go back and uncut it.

Because it takes less time to measure twice than it does to run down to the hardware store to get another piece after cutting it wrong!
Think about some of the applications of this principle in relationship to the Christian life, here are just two:

Search the Scriptures! The Scriptures are our God-given guide for our journey to heaven. Too often a person will hear someone teach about the Bible and accept their teaching without any verification. Unfortunately, “*many false prophets have gone out into the world.*” **(1 John 4:1)** Responsible Christians, therefore, will search “the Scriptures daily to find out whether” the things they are taught are “so.” **(Acts 17:11). Better to measure twice and cut once!**

Test all things! The devil places all sorts of traps in our way to try to get us to stumble and stray in our service to God. To be certain, God tells us, “Test all things; hold fast what is good. Abstain from every form of evil” **(1 Thess. 5:21-22).** “Whatever you do in word or deed,” we must “do all in the name of the Lord Jesus.” **(Col. 3:17). Better to measure twice and cut once!**

Some decisions in life cannot be reversed. Many decisions in life have eternal consequences. Measure carefully!
