ENCOURAGING WORDS

There is a "Good Old Age"

Can you remember, when as a child, you thought that anyone who was thirty was really old, and anyone over sixty was approaching Methuselah's age? It's funny that when you turn forty your whole perception changes and time seems to go by faster. If you are sixty plus, you, unlike those around you, cannot seem to think of yourself as being old. The Bible has so much to say about getting old, and regardless of our perception of when that is, we would be wise to think about it.

There is the decline of our physical health that takes place as we get older. Who has not heard of the failing eyesight of Isaac which allowed him to be deceived by the animal hairs his mother had placed on Jacob's neck and hands? Later, Jacob himself died as a blind man unable to see because of his old age (Gen. 48:10). When David was seventy, the Bible described him as being "... old, advanced in years; and they put covers on him, but he could not get warm." (1 Kings 1:1)

The Bible also describes the possibility of the decline of our spiritual health as we get older. Is there any story in the Bible sadder than the description of Solomon? "For it was so, when Solomon was old, that his wives turned his heart after other gods; and his heart was not loyal to the LORD his God, as was the heart of his father David." (1 Kings 11:4)

On the other hand, there are those verses describing the faithfulness of older saints. Think about Moses, who at the end of his life had a spirituality that was unmatched. Then there are those inspiring words of aged Paul, who saw death on the horizon and talked of how he had fought the good fight and run the race to the finish line (2 Tim. 4:7). He saw the crown of righteousness awaiting him and all who are faithful until death.

You gotta love the way God described the life of Abraham. "Now as for you, you shall go to your fathers in peace; you shall be buried at a good old age" (Gen. 15:15)—not at an old age but a *good* old age. There is a difference. As you age think about this....make sure your "good old age" is good! R. Senior
